

Get Credit for Helping Your Community

PLAN 435/535 Energy Planning

Summer 2015
Wed 5:00-8:45pm

CRN 34603/34604

OPEN TO ALL CAP MAJORS

Many homeowners in Muncie face difficulties paying their utility bills, let alone making their homes more energy efficient in order to reduce their bills for the long-term.

In this course, you can be part of a team that helps determine which Muncie residents should receive energy upgrades to their homes and help make them happen. You'll get a chance to interact with residents to learn more about the community and other ways you can help residents.

This course will be a partnership between Vectren Energy, Building Better Communities, and the Department of Urban Planning, led by Lisa Dunaway, AICP, LEED AP, Instructor of Urban Planning.
