

Muncie Arts and Culture Council

2017

How we began ...

Governor's Arts
Awards 2009

2011 – City Council ordinance & non-profit status
2015 – Memorandum of Understanding with City of Muncie

The Muncie Arts and Culture Council seeks to create, educate, advocate, nurture and inspire integration of the arts via civic initiatives and through engagement with individual artists and arts organizations.

Who we are, what we do

The Muncie Arts and Culture Council is the official "Arts Partner" for the City of Muncie.

As Arts Partner, we integrate the arts into municipal initiatives that involve Economic Development and Quality of Place.

As an arts alliance, we strive to build community among artists and arts organizations, and be a resource that enables professional growth and opportunity.
