HISTORY

Muncie Action Plan

The Muncie Action Plan (MAP) is a strategic guide that expresses the community's values and aspirations and creates a compelling agenda for the future of Muncie, IN.

"What should be done to make Muncie the best it can be in the coming years?" In 2009–2010, this question was answered by more than two thousand Muncie residents through idea workshops, brainstorming sessions, open houses, and public presentations.

Two community review processes were conducted and updates to the original MAP document were produced in 2013 and 2018.

TogetherDM

In 2021, the Muncie Action Plan board of directors partnered with NEXT Muncie and the Delaware-Muncie Metropolitan Plan Commission to embark on a year-long strategic planning process—TogetherDM—that resulted in the newest MAP for the Muncie Community. This citywide Strategic Investment Plan continues to highlight the important role that neighborhoods play in the health and prosperity of our community.

The planning process identified our community's *Core Values*: We are entrepreneurial. We are gritty. We are inclusive. We are bold. We are thoughtful.

We will utilize these Core Values to **Get the Basics Right**—from fixing potholes, to keeping our homes and parks in good shape, to making sure our 3rd graders read at a 3rd grade level. This will allow us to move **Beyond the Basics** and excel in ways that make Delaware-Muncie more competitive than ever.

TASK FORCES

MAP's newest plan, approved by City and County government in January 2022, directs the work within four task forces:

Neighborhoods ARP \$\frac{1}{2}\$

The City of Muncie allocated \$1,000,000 of its overall ARP funding to help offset the impact of COVID on the city's neighborhoods. The Muncie Action Plan was selected as the 501c3 nonprofit to oversee the disbursal of those funds. MAP's initial step was to convene a committee of residents and leaders from across the city to determine project eligibility and how best to allocate the funding equitably.

1 TogetherDM coalition
