

ARP Neighborhood Formal Application - Morningside McCormick

Time Stamp 2/13/23, 9:16 AM
Contact Name Tami Harris
Trasurer Name [REDACTED]
Amount Requested \$ 27,168.76 Amount in full

Describe the Scope of the Project(s), including estimated timeline.

1. Purchase of a merry-go-round and have it installed this summer

Are you applying to any other organizations for additional funding?

Yes

If the above answer is yes, provide the source and amount of other funds and if the Neighborhood Association is already in possession of those funds.

City of Muncie & Parks Department

Two years ago they removed the merry-go-round from our park. We have had MANY meetings with Mayor Ridenour, Carl Malone, and George Foley about a compromise for replacement. The people (and kids) in our neighborhood have expressed their disappointment about the merry go round and also, more improvements to the equipment. Our association researched into alternatives, in adream big fashion, and found this amazing merry go round. On Monday, George Foley and Roger Overbey met up with Nick from Play Pros to get things started. So my understanding is between our ARP money, The City of Muncie, and The Parks Department this will be a reality!

Describe how the ARP funding will impact the Neighborhood association.

Our residents have been upset since the merry go round was removed. We feel this will be a great replacement, and even better, because all our residents can use this and our kids deserve something "cool" for their own use.

How will the project(s) be measured and evaluated?

This will be easy to access, by the happiness of the children in the neighborhood.
