6. Purchase 3 6' Metro Benches for future Storer Park, purchased through CRG, City of Muncie Parks Department approved vendor.	\$ 5,427.15
7. Contribute remaining amount to 2 additional benches and installation of benches and fences.	\$ 389.38

### Are you applying to any other organizations for additional funding?

No

If the above answer is yes, provide the source and amount of other funds and if the Neighborhood Association is already in possession of those funds.

### Describe how the ARP funding will impact the Neighborhood association.

It will positively impact the neighborhood by providing a place for children, friends, and families to gather. The fence and lighting will enhance safety. The benches will promote accessibility and usability for people of all ages. The outdoor projector will be used for social gatherings and community events. We are also combining with the adjoining Westbrier Neighborhood Association to purchase and install items.

### How will the project(s) be measured and evaluated?

We expect to see people of a variety of ages using the amenities. The Storer playground and track used to be a hub of activity for the neighborhood, and we would hope to see an increase in the numbers of people use the park area. If there are any additional funds left over, they will be used for a community gathering event to encourage the use of the new equipment.
