### Describe the Scope of the Project(s), including estimated timeline.

Westbrier Neighborhood Association will use its \$24,296.14 to purchase up to 5 benches and a steel fence for the incoming Storer Park. The park is abutting Westbrier that formerly contained Storer school. The quote associated with this application is also being used by Storer Woods Neighborhood Association.

**\$ 24,296.14**

1. Purchase 2 6' Metro Benches for future Storer Park, purchased through CRG, City of Muncie Parks Department approved vendor. \$ 3,618.10
2. Ameristar Montage Plus Steel Fence & Installation \$ 11,666.67
3. Concrete pads for 5 benches \$ 5,400.00
4. Installation of all benches and signs purchased by Storer Woods & Westbrier. \$ 3,356.20
5. Surplus of funds approximately \$255.17 will be used if prices fluctuate due to inflation. If there are any additional funds left over, they will be used for a community gathering event to encourage the use of the new equipment. \$ 255.17

### Are you applying to any other organizations for additional funding?

No

**If the above answer is yes, provide the source and amount of other funds and if the Neighborhood Association is already in possession of those funds.**

### Describe how the ARP funding will impact the Neighborhood association.

Storer school's playground and track were a source of recreation for Westbrier and other surrounding neighborhoods. When the school was torn down, we lost that area. Now with the help of ARP funds we can create a recreational center for our neighborhood. Our 60 year old neighborhood is seeing an influx of many young families. This park will be a place to gather and to work out. It will strengthen the bonds that make a neighborhood strong.

### How will the project(s) be measured and evaluated?

Westbrier Neighborhood Association will work with the City of Muncie and the Parks Department to see our plans realized, that the benches and fence are safe and functional. We will survey the neighborhood residents on use of the park after completion.
